

Break Out Box

STS-SJB / STS-SJB-RJ

Our Break Out Box is used in addition or as a replacement to the staff unit. The box silences loudspeaker noise and allows staff to hear clearly through headsets. This product is a must have for busy ticket booths or service-points where ambient noise conditions are high.

Two versions are available:

- STS-SJB for connection to our 3.5mm Headset and Microphone [HEADSET-1-3.5 / HEADSET-2-3.5].
- STS-SJB-RJ for connection to our RJ11 Headset and Microphone [HEADSET-1-RJ11 / HEADSET-2-RJ11].

Features

- Push button mute switch
- Headset and handset connection
- Compact
- Easy to install
- Version with RJ11 connection available

Applications

For use where one to one communication takes place at a counter, booth or desk in combination with a Contacta window intercom system:

- Banks
- Post Offices
- Ticket Offices
- Information Centres
- Airports
